

BIORISE Deliverable D8.4

Due Date: 31 July 2016

Project acronym	BIORISE
Project number,	669026
Deliverable number	D8.4
Deliverable title as in DoA	Communication plan: updated (M13)
Deliverable due date	31 July 2016
Related work package	WP8
Lead beneficiary	The Cyprus Institute of Neurology and Genetics
Nature of deliverable	Report
Dissemination level	Public
Version no.	1

BIORISE D8.4: Communication plan: updated (M13)

Milestone no.	Milestone title	Purpose	Audience	Delivery method	Time Period	Responsible	
2	Establishment of the CING Bioinformatics Group	Awareness on BIORISE	Local & International Scientific Community	BIORISE Website	August - December 2016	BECH, CING Personnel Office, Project Manager	
		Promotion of maximum publicity about the Bioinformatics Group		CING Newsletter			
				Local Newspaper			
				International Magazines			
				Cyprus Researcher's Night			
Local & International conferences							
3	Implementation of Bioinformatics pipeline analysis	Establishment and optimisation of the bioinformatics analysis workflows	Bioinformatics Group, CING relevant departments	Emails between the CING relevant departments (whenever needed)	August 2016 - June 2017	Bioinformatics Group, CING relevant departments, Project Coordinator, Project Manager	
		Establishment of good collaboration between Bioinformatics group and the relevant CING departments		Person to person meetings between the CING group leaders & the BECH (once every two months)			
		Ensure common direction between the Bioinformatics group and the rest of the CING departments					
		Generation of enthusiasm amongst the CING departments					
		Share status between CING departments					
4	Introduction of the Bioinformatics course within the CSMM (Cyprus School of Molecular Medicine) MSc and PhD programmes	Preparation and establishment of a Bioinformatics course for the CSMM postgraduate programs	Postgraduate students, Undergraduate students, Local & International Scientific Community	Person to person meetings between the BECH & the CSMM Education Office (whenever needed)	August 2016 - June 2018	BECH, CSMM Education Office, Project Manager	
		Promotion of the Bioinformatics Course		CING Website	May 2017 - June 2018		
		Promotion of the CSMM					
		Increase CSMM students awareness of Bioinformatics					BIORISE Website
							CING Newsletter
CSMM Website							
CSMM Prospectus	2017 - 2018						
Local Newspapers							
Educational fairs							
Social Media							
CSMM Open day							
5	Integration of the Bioinformatics Group within CING activities and upgrade of the CING research and innovation landscape	Awareness on the upgrade of the quality & research level that is taking place at CING, because of the establishment of the Bioinformatics Group	CING departments, Local & International Scientific Community, Patient organizations & support groups, Doctors, NGOs, The Public	Emails between the CING relevant departments (whenever needed)	August 2016 - June 2020	Bioinformatics Group, CING relevant departments, Project Coordinator, Project Manager	
		Inform the people about the services that CING is able to offer through its Bioinformatics Group		Person to person meetings between the CING group leaders & the BECH (once every two months)			
		Establishment of good collaboration between Bioinformatics group and the rest of the CING departments		CING Journal Club (at least once a semester)			
		Ensure common direction between the Bioinformatics group and the rest of the CING departments		CING Newsletter (whenever needed)			
		Generation of enthusiasm amongst the CING departments		CING Website			
		Share status between CING departments		Local Newspapers (annually)			
		Resolve issues		Local & International Conferences (eg annual International Conference of the Cyprus society of Human Genetics)			
				BIORISE Website
